

## RAC Quick Start Program

### ***Do you want Real Application Clusters to be successful on the first deployment?***

Cloud Creek Systems uses our “Quick Start RAC” program to deploy Oracle’s 10g or 11g RAC in 5-10 days for a fixed price and scope \* remotely or on site depending on customer preference & resource availability.

- Half the price of Large Companies
- Full time experts
- Multiple small and large company references

#### **“Quick Start” Services include these tasks:**

- ✓ Preparation review checklist conference call
- ✓ Verify proper configuration and sizing of hardware
- ✓ Verify setup for operating system and hardware
- ✓ Perform analysis and develop design for the RAC database
- ✓ Installation and configuration of the 10g or 11g RAC option
- ✓ Configure disks for RAC instances
- ✓ Assist in configuration of operating system parameters
- ✓ Assist in installation of related operating system patches
- ✓ Assist in application connectivity
- ✓ Create database instances
- ✓ Configure load balancing and/or fail-over for the RAC instances
- ✓ Perform knowledge transfer
- ✓ Extra options to provide Remote Monitoring Services 24/7 or lower service level

\* Full understanding of architecture and deployment required for final pricing.
